

IDEA Budget Software – 2009-10 ARRA & 2010-11 Entitlement Budgets

When making changes to the 2009-10 ARRA or 2010-11 Entitlement Budgets, you will be forced to enter a staff “Name” for all budgeted positions before you can submit the amendment. Please enter “N/A” in all the name fields.

The “Name” field is a required field for all 2011-12 entitlement budgets. This change was not meant to go into effect with any previous budgets. We apologize for any inconvenience.
